Will their decisions become de facto legislation for the rest of the world? Ironically, although global markets do erode national sovereignty, a reassertion of national sovereignty as a consequence of domestic political campaigns aimed at challenging privatization could go a long way toward controlling global markets.

International market spinout of control not just because the economy has become... Book The University of Virginia Press, Even though the majority of Americans hold moderate views on issues such as abortion, homosexual rights, funding for the arts and public broadcasting, and multicultural education, extremists tend to dominate public debate. This, then, is the profile of hegemonic globalisation, particularly in its economic and political forms. The situation began to change in the sixties taking into account theories of dependency or dependent development and was radically transformed from the eighties onwards.

This second contradiction is between the nation state and the transnational... international civil society grows stronger, it can become a source of countervailing democratic pressure on national governments.
