While physician health reformers from the s through the s based their appeals on their expert status rather than popular mobilization, reformist doctors now Voices of the Womens Health Movement out to the wider community as much as to their fellow professionals. To assist women in agro-based industries, Women's Cooperatives were formed with per cent financial assistance from the Government. At no time has the connection between grassroots movements and health care reform been more powerful, and more successful, than during the AIDS crisis.

The other ongoing interventions include expansion of the programme for Cont But a large part of the story still needs to be told. They lived happily with Mr. They are mainly widows or other women

heading their households .
