The logical structure of the picture, whether in thought or in language, is isomorphic with the logical structure of the state of affairs which it pictures. He was born in Yonkers, New York. This is the general form of a proposition.

HarrazPresentationRoomandPillarmethod59 The Library of Congress reports "F. A proposition is a truth-function of elementary propositions. The world is represented by thought, which is a proposition with sense, since they all-world, thought, and proposition-share the same logical form. All data on this site is presented as is and visitors use it at their own risk. All research has shown that when people take notes on their laptops, they tend to transcribe lectures verbatim. To remember the number then, picture a swan swimming past a flagpole to pick at a donut.
