In front of the facade in the centre was a naos, which closed with double doors, and probably contained a statue of the Pharaoh. Brickmaking, from Eighteenth Dynasty tomb-painting, 2. The dimensions of the capital bore no fixed relations with those of the shaft, and the height of the shaft in no way depended on the diameter of the Column.

ScriniumClassicalAntiquityAalten,Netherlands.Edwards'translation
The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. In that capacity it will be needed by the student long after he first makes acquaintance with its instructive and abundant illustrations and its luminous condensation of the archaeological facts and conclusions which have been elucidated by Egyptology through the devotion of many an arduous lifetime during the present century, and, not least, by the unremitting labours of M.
