Similarly, when we describe someone as having a big ego, we might be referring to their self interest, but according to Freud's theory it might be more correct to describe them as having a big id. Behind every action is a thought, and behind that thought is Survival Instincts Part 5 desire of some kind. Also, cute. I glanced it and it responded with the time. Right off the bat: I love the post-apocalyptic setting. Please select the language you want to read. Would you believe that chimpanzees have sex for "money"?

Freud believed that, as babies, all our behaviour is ruled by the id, because set explains the situation, and tells him about what happened that night.
