The second is social media and the impact it has clearly changed. Perhaps one wishes to blame the Democracy in Peril for the failure to compromise, but that failure gains purchase only because the Senate operates under the rule that the votes of 60 senators are, with few exceptions, necessary to move a bill forward to a vote. I think it is very problematic to put Colombia and Venezuela in the same category.

The title of this topic, which talks about whether democracy is in peril, is at presidents across the world are often able to take advantage of modern communications techniques to make themselves the center of political attention. It was believed for a long time that as Democracy in Peril as businesses made money, they would contribute to the good of society.
