Although considerable attention is devoted to financial matters, the strength of the book rests upon its coverage of the railroad's impact on rural settlement patterns, urbanization and the ranching and farming industries of the Plains. This handsome volume, winner of a "Best Books Award" from USA Book News, consists of topical essays accompanied by color photographs which together present a vivid seasonal progression of South Dakota's plants.

Written in collaboration with Lakota academicians and tribal historians and the s, land speculators in Minnesota and the Dakota Territory expected that a great city would rise where the railroad crossed the Red River of the North.
