How to Find Leadership Blindspots. We undermine our potential when we try to do. The aim is not to overcome one's personal psychology, to become perfect, but to become familiar with it. Wewereeightchildren:fourboysandfourgirls. We just need to be sure we are on the path that is taking us where we want to go; a path that is taking us to the person we want to. Like the transference, the counter-transference is compulsive, a forcible tie, because it creates a "mystical" or unconscious identity with the object [General Aspects of Dream Psychology," CW 8, par.
