Jaggar, Alison M. *Sacred Seed*. The English language animalizes and naturalizes women in cultural contexts where women and nonhuman animals are already viewed as inferior to men and male-identified culture.

While the social conditions of oppression often include material deprivation  
New Delhi: MD Publications, Vance, Linda. The biblical author seems, rather, to find solace in the practice of envisioning the peace of what should be, and he seems to recognize that such a deep transformation, from nature red-in-tooth-and-claw to nature as a peaceable kingdom, comes from a transcendent force, not from human action .

*Buffalo Gals and Other Animal Presences*. Warren -- Ethics, Policy and Environment  
inevitable project is a detailed exploration of how counting historically discounted Others as relevant seriously undermines or revises the assumptions and prescriptions of traditional ethical frameworks. These more forward-looking and creative subprojects of feminist ethics are of particular interest to ecological feminists whose priorities include the creation of new or revised ethical possibilities.
