At one moment he has to be in Delphi, then he runs to Colophon and from there to Xanthus and then he goes to Delos or the Branchidae. The Greeks, in sum, believed that the world and everything in it could be encoded, and enjoyed rising to the challenge that this presented. Check if this is a reader submitted review.

Which in this case is the Oracle of Trophonius in the next book. An answer to the second question is that much of the recent work involving divination seems to address, at least as much as it addresses divination, other topics that have enjoyed increased attention in recent years: gender, semiotics, late antiquity, the construction of authority, religion as a social phenomenon. Most often, a person who was about to serve a god would be required to remain celibate only briefly – for a few days before performing the ritual, for example. Excellent characters, well-crafted story, fascinating scenario, and beauty of Nero.
